

# Excellence and Innovation Spotlight

Got a bold idea that changed how your JCC runs? A polished program that wowed members? A smart internal system that made everything operate more smoothly?

**Share it—and move the movement.**

The Excellence and Innovation Spotlight at ProCon 2025 celebrates the full spectrum of standout work from JCCs and JCC Camps—from the front lines of member experience to the behind-the-scenes systems that power it all.

You're invited to submit a project, program, process, or point of pride that can inspire peers across the field. Share what works, so we can make it even better.

We're looking for:

- Signature programs and community initiatives
- Smart SOPs and internal operations protocols
- Cross-team processes that improve communication or efficiency
- New ways of working that set a higher standard
- And yes, anything that makes your team beam with pride

**This isn't an awards show.** It's an exchange of ideas that will make our work stronger, smarter, and more impactful—for our teams, our JCCs, JCC Camps, and the communities we serve. Spotlight features come in many forms: a simple pin that identifies you as someone to talk to, a Peer Community presentation, or even a video shown during a Movement Moment. We won't know what fits best until you share your story.
